

SC-A MON

Self-Service Indicator
for Weighbridges

SENSOCAR
We put the heart in weighing

New self-service indicator

Self-service weighing terminal with coin-operated payment / RFID tokens or i-Button

INTUITIVE AND CUSTOMIZABLE

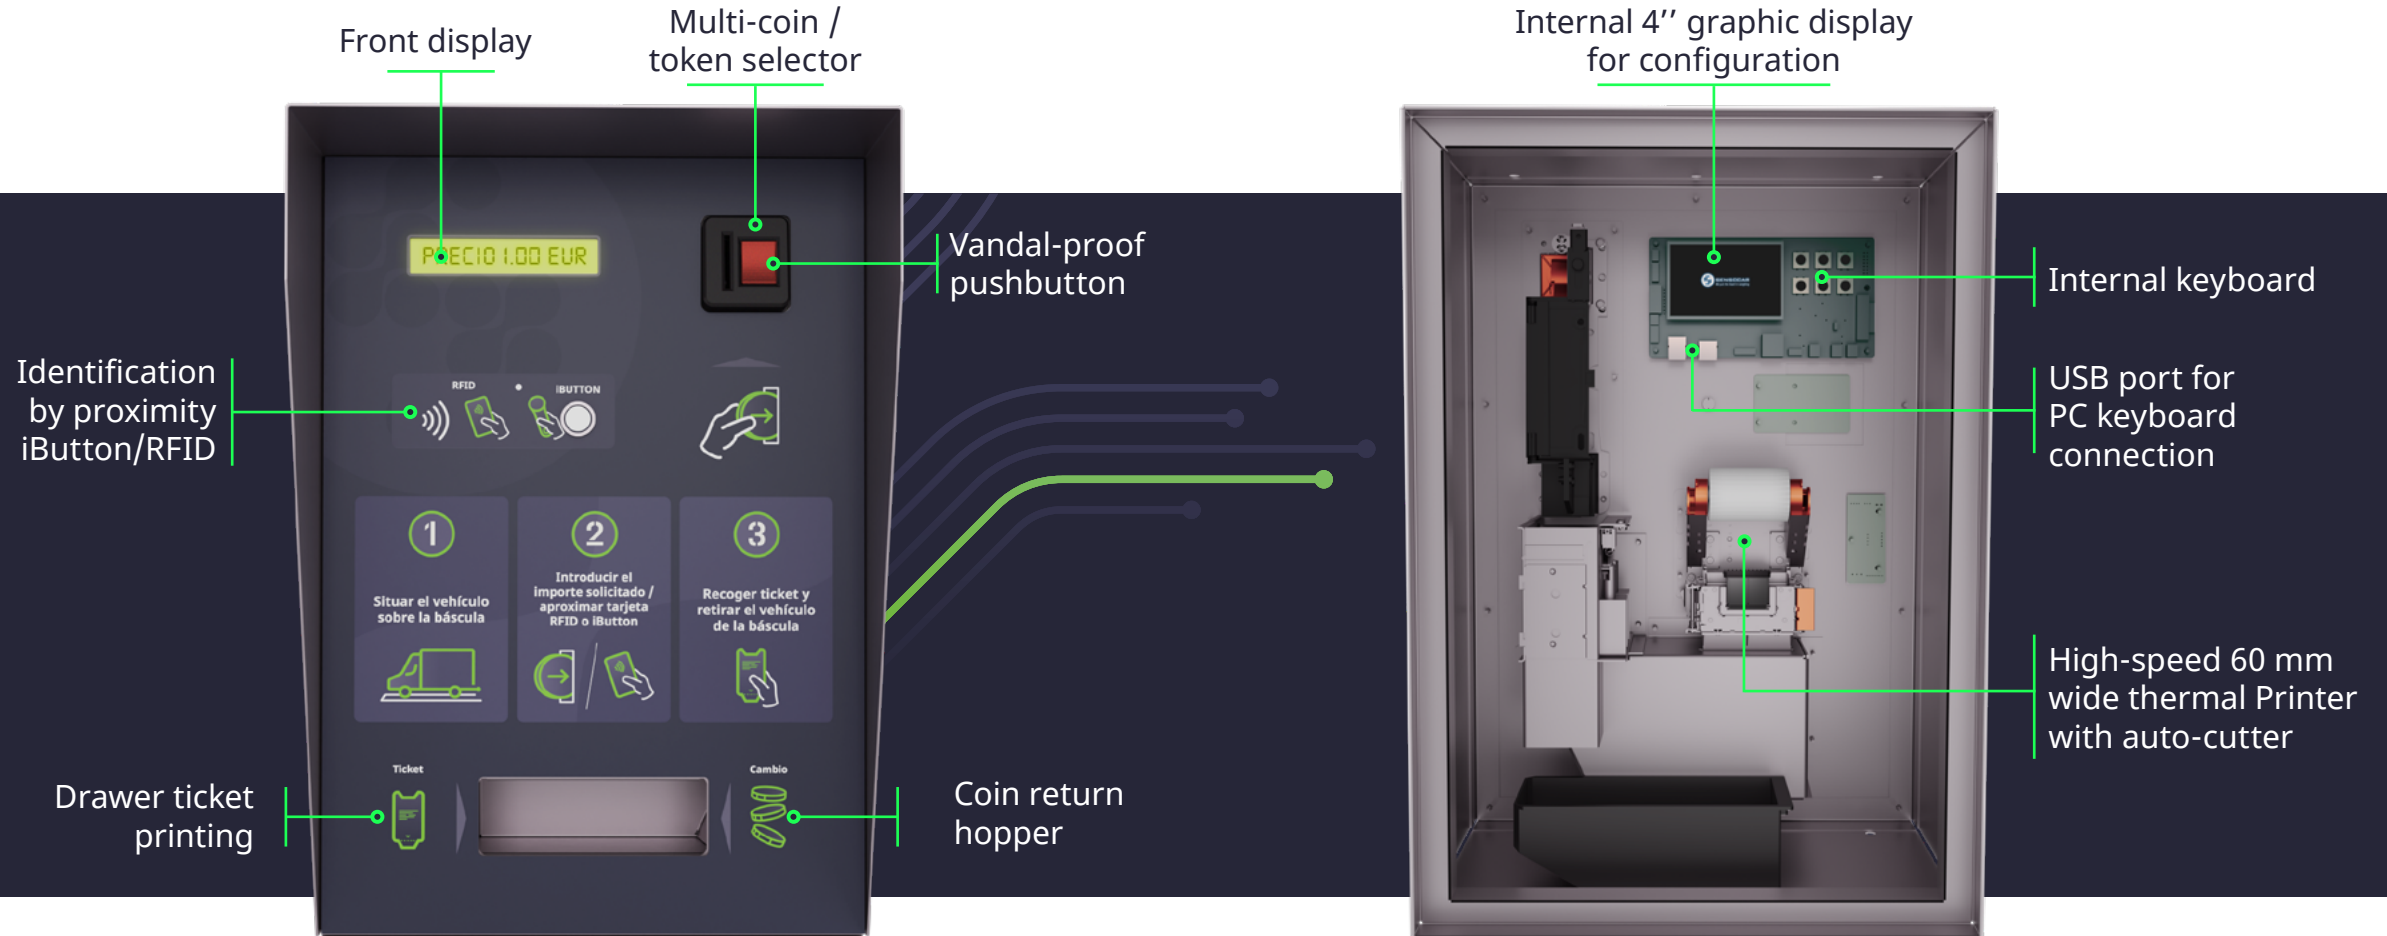

Adjust the indicator to your needs, configure rates, tickets, payment methods, and weighing modes depending on each application.

KEEP ALL THE INFORMATION FOREVER

All weighing operations are registered in the database, with the possibility of exporting and issuing settlement lists.
